As you can see, there is a link imbedded in the middle of each invitation. To use this link, you have to download the free "Zoom" app to your smartphone, tablet, or computer. If you have that app on your device, all you have to do is click the link on the email and you will automatically connect. (Be sure to allow the app to access your camera and microphone, if requested).

If you don't want to use the app, or are using a device that can't download the app, you can go to the website for Zoom: <https://zoom.us> On the upper right hand side of your screen, there will be a tab titled "Join a Meeting." Click on that tab and you will be prompted to enter a "Meeting ID or Personal Link Name." The "Meeting ID" can be found toward the bottom of each meeting invitation. I've highlighted it in green to be easier to find. Just enter those digits without a space or dashes and click enter. From there, you'll be prompted to allow access to your camera/microphone.

If you don't have access to a smartphone/tablet/computer with a camera and microphone and want to join the meeting as a phone call, there is a number listed just above the Meeting ID that you can call. That will connect you to the meeting with audio only. Those numbers are in red in the invitation. For this meeting, the best number is: **1 720 707 2699**

We hope to have the meetings started about 5-10 minutes before the official start. I ask that if you are attending using Zoom that you "join the meeting" about 15-20 minutes before the meeting to try to check in. That will give us a little time to check audio and visual for each person and try to work out any bugs before the meeting formally begins.

If you have any issues connecting, you can contact the bishop, and we'll try to help you through it.

Good luck, everyone.
